

Your Local Source for Commercial, Residential & Service Plumbing Solutions

About Us

Gateway Winnelson is a locally owned plumbing supply distributor proudly serving O'Fallon, St. Charles County, and the greater St. Louis region. We specialize in providing high-quality plumbing products, fixtures, and system solutions to professional contractors, builders, and maintenance teams. Our focus is on dependable service, knowledgeable support, and fast access to the brands and parts our customers trust. Whether you're working on residential, commercial, or industrial projects, our experienced team is committed to helping you find the right solution, on time and within budget. Gateway Winnelson operates as part of the nationwide Winnelson network, a division of WinWholesale, Inc., one of the largest wholesale distributors in the plumbing and HVAC industry. Our O'Fallon branch, located at 201 South Cool Springs Road, O'Fallon, MO, serves as a regional hub for plumbing professionals throughout St. Charles County and surrounding communities. Backed by the buying power and logistics network of WinWholesale, Gateway Winnelson combines national resources with local ownership, allowing us to deliver competitive pricing, reliable inventory, and personalized service that national chains can't match.

Water Heaters

Gateway Winnelson is a trusted source for both commercial and residential water heating solutions, offering a full range of tank and tankless systems to meet any application. We stock and support tank-type water heaters from A. O. Smith, along with high-efficiency tankless water heaters from A. O. Smith, Rinnai, and Navien. Our experienced team assists with sizing, selection, and commercial water heater conversions, helping contractors and property owners upgrade aging systems, improve efficiency, and ensure code-compliant installations. From single-family homes to large commercial facilities, Gateway Winnelson delivers reliable products, technical expertise, and local support for every water heating project.

Residential

Gateway Winnelson supports residential new construction and remodeling projects with a full range of trusted plumbing brands and job-ready inventory. We stock and source leading lines such as Moen, Delta, American Standard, TOTO, Diamond Tub & Showers, MAAX, and MTI, offering everything from faucets and fixtures to tubs, showers, and complete bathroom solutions. Our experienced team helps builders, remodelers, and homeowners select the right products for performance, style, and budget, while providing dependable service, competitive pricing, and on-time delivery for every phase of the job.

Commercial

Gateway Winnelson is a full-service commercial plumbing supply house specializing in institutional, healthcare, hospitality, and industrial projects. We stock and support leading brands such as American Standard, Sloan Valve, TOTO, A. O. Smith, Chicago Faucets, and T&S Brass, with deep inventory on commercial fixtures, flush valves, faucets, and water heating equipment. Our team provides expert support for commercial water heater conversions, system upgrades, and code-compliant replacements, along with a complete offering of pipe, valves, fittings, and strut for new construction and retrofit work. From plan take-offs to jobsite delivery, Gateway Winnelson delivers the products, technical knowledge, and reliability contractors depend on.

Repair and Building Maintenance

Gateway Winnelson is a dependable resource for repair, replacement, and building maintenance needs across commercial and residential facilities. We maintain strong in-stock availability of everyday service parts, including valves, faucets, flushometers, cartridges, pipe, fittings, water heater components, and hardware from trusted manufacturers. Our counter team helps maintenance professionals, property managers, and service contractors quickly identify the right parts to minimize downtime and keep systems running efficiently. With fast turnaround, local inventory, and knowledgeable support, Gateway Winnelson is built to keep your buildings operating without interruption.
