

**Your Local Source for Commercial, Residential &
Service Plumbing Solutions**

Complete Water Conditioning & Filtration — Stocked Locally

**Water Softeners • Filtration •
Conditioning • UV • RO**

Halo Hybrid

Advanced whole-home water conditioner that reduces scale, improves water quality, and protects plumbing—salt-free, low maintenance, and environmentally friendly.

Halo H2O Ultimate

Premium whole-home filtration and conditioning system delivering cleaner, better-tasting water while reducing contaminants and protecting plumbing. No electricity or backwash.

Halo UV Light System

Provides chemical-free disinfection using ultraviolet technology to neutralize bacteria and microorganisms. Integrates seamlessly with whole-house systems for continuous water protection.

Halo 5

Whole-home filtration system reducing chlorine, odors, and contaminants while improving taste and protecting plumbing with low maintenance operation.

Halo Ultra Plus RO

A high-performance reverse osmosis system delivering purified drinking water by reducing dissolved solids and contaminants. Ideal for under-sink installation with multi-stage filtration and long filter life.

Halo ION

High-efficiency water softener delivering scale control, improved water quality, and reliable performance with smart, low-maintenance operation

North Star NSCWHC 2-in-1 Water Softener & Filter (Wi-Fi Compatible)

Wi-Fi enabled 2-in-1 softener and filter reducing hardness and contaminants while delivering efficient, reliable whole-home water treatment.

North Star NSCWC 2-in-1 Water Softener & Filter

2-in-1 softener and filter reducing hardness and contaminants while delivering efficient, reliable whole-home water treatment.

North Star NSC Series Water Softeners

High-efficiency water softener reducing hardness, protecting plumbing, and delivering consistent soft water with reliable, low-maintenance performance.

North Star NST Series Water Softeners

NSC Series water softeners are designed to efficiently remove hardness minerals that cause scale buildup, spotting, and reduced appliance performance

**Model: NSAIV10
Iron Reduction
Filter**

**Model: NSWHCW
Central Water
